

Introduced to the Senate/House of Representatives (Delegates, etc.)
A Bill
To declare the State of _____ sovereign of the United Nations

Be it enacted

Section 1. – **Short title**

The State of _____ Sovereignty Protection Act

Section 2 – **Purpose**

To maintain and preserve the Supreme Law of the Land as set forth in the Constitution of the State of _____ and of these united States, to the benefit of the citizens of (state), including but not limited to the freedoms of religion, speech, press, assembly and to petition the government for redress of grievances; and the rights of all persons to keep and bear arms, to trial by jury, to the privilege against self-incrimination, and to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures; and to the common law writ of habeas corpus. The underlying purpose of this bill is to protect personal freedom and self-government.

To reject any claim that the United Nations Charter has any authority over this State, which is bound by the United States and State Constitutions only;

To resist any and all usurpation of the sovereignty of the United States of America;

To restore completely the People of the several States as the final and ultimate civil authority in these United States of America.

To recognize no executive, legislative or judicial power within the State other than those powers duly constituted by the People in the Constitution of the State of _____ and by the Peoples of the several States in the United States Constitution.

Section 3 – **Findings**

The government of the United States of America was created by the States, and is a servant of the States. Its powers are restricted to those powers granted to it by the States, and no more. There are times when the Servant has attempted to become the Master. At times the Servant needs to be reminded of its place.

The State of _____ is, conversely, bound by oath and affirmation to support the Constitution of the United States and, pursuant to that oath and Article VI of the United States Constitution, to obey only treaties “made under the Authority of the United States.”

The United Nations Charter is not, by definition or in practice, a treaty “made under the Authority of the United States,” as set forth in Article VI of the United States Constitution, but an illegitimate and unconstitutional internal constitution for a world government.

The Congress, the President and the Supreme Court of the United States have failed to adequately protect the citizens of the several States from usurpation of the sovereignty of the People of the United States, including the sovereign powers reserved to the People of this State.

Section 4 – **Prohibitions**

United Nations Flags and Symbols – Whereas any display of a government flag over government property indicates dominion and authority, no flag or other symbol representing the United Nations shall be displayed or flown from any official flag mast, nor in any office building, nor on any property of the State of _____, nor the counties of this state, nor in any municipal courthouse or property, nor in any school financed with state funds. (An exemption shall be allowed for the display of flags displayed or pictured for historical and educational purposes only, in schools and state-financed museums.)

Registration of Foreign Agents – Any person who works, whether for remuneration or as a volunteer for the United Nations must register with the State of _____, or with the County Clerk of the county wherein they act, as a Foreign Agent. Failure to register shall be a misdemeanor punishable by a fine of not less than \$100, and not more than \$1,000 per day of activity not in compliance with this law, and may result in up to 30 days incarceration per offense, at the discretion of the state courts.

Quartering of Troops – Under no circumstances shall military troops or personnel working under the authority of the United Nations be quartered within the borders of the State of _____ without the specific written consent of the Governor, upon the consent of the Legislature, and only in accordance with the third amendment of the Constitution for the united States of America.

Global Taxes – No tax, levy, surcharge, fee, assessment or other financial burden authorized by the United Nations may be imposed on any person residing within this State, nor may the State collect any such taxes to be forwarded on. No citizen of the State of _____ shall be held liable for any such taxes, levy, surcharge, fee or any other financial burden as so stated above.

Financial Support – The State of _____ is prohibited from making direct financial contributions or payments to the United Nations, or any of its agencies, in any form.

Military Service - Citizens of the State of _____ who have taken an exclusive Oath of Allegiance to support and defend the Constitution of the United States of America, shall not be forced into involuntary military servitude under foreign military commanders, nor sent on multi-national military deployments unless an Act of War has been declared by Congress in the manner prescribed by the Constitution of the United States.

International Court Decrees – No judicial order, decree or judgment entered by any international court under the authority of the United Nations shall be enforceable within the State of _____. No citizen of this State shall be extradited from this State by any other authority, against their will, in response to a subpoena or warrant issued by any international court or agency acting outside the authority of the United States Constitution.

Section 5 – **Enforcement**

Violations of this ordinance shall be duly punishable by law as a Class A misdemeanor. Each violation shall be deemed a separate offense. Violations that involve force, or the threat of force, shall be deemed a felony.

Section 6 – Severability

If any section, subsection, paragraph or word of this act shall be held to be invalid, either on its face or as applied, the invalidity of such provision shall not affect the other sections, subsections, paragraphs, sentences or words of this ordinance and the application thereof; and to that end the sections, subsections, paragraphs, sentences and words of this ordinance shall be deemed to be severable.

Section 7 – Effective Date

This act shall become effective immediately upon passage and posting.
